1. When faced with two assignments due on the same day, the best first step is to:

- Correct Answer: **c) Prioritize tasks based on deadlines and importance**
- Page/Slide Number: Slide 27 (Lecture 2)
- Slide Heading: 1. Prioritizing Goals
- Grounding: Prioritizing helps identify what truly matters and manage competing deadlines effectively.

2. Which is an example of unhealthy coping?

- Correct Answer: **d) Excessive social media**
- Page/Slide Number: Slide 14 (Lecture 1)
- Slide Heading: Building Resilience C. Coping Strategies - Types
- Grounding: Excessive social media is a form of avoidant/maladaptive coping that offers short-term relief but worsens stress over time.

3. Which of the following reflects effective emotional regulation?

- Correct Answer: **b) Recognizing emotions and choosing a response**
- Page/Slide Number: Slide 9 (Lecture 1)
- Slide Heading: Building Resilience B. Emotional Regulation
- Grounding: Effective regulation involves acknowledging emotions and then consciously deciding how to respond rather than reacting impulsively.

4. A friend is upset, and you respond by saying, "It sounds like you're feeling disappointed because your project didn't go as planned." This demonstrates:

- Correct Answer: **b) Active listening**
- Page/Slide Number: Slide 78 (Lecture 4)
- Slide Heading: Conflict Resolution Skills - Understanding Different Perspectives
- Grounding: Rephrasing what the other person says to confirm understanding is a key active listening strategy.

5. A student breaks a large assignment into smaller tasks with deadlines. This is an example of:

- **Correct Answer:** a) **Goal setting and time management**
- **Page/Slide Number:** Slide 41 (Lecture 2)
- **Slide Heading:** 5. Overcoming Procrastination
- **Grounding:** Breaking tasks into smaller chunks is a recommended technique for overcoming procrastination and managing time effectively.

6. Regular physical activity contributes to mental well-being by?

- **Correct Answer:** d) **Enhancing mood through neurochemical changes**
- **Page/Slide Number:** Slide 101 (Lecture 5)
- **Slide Heading:** Physical Activity and Mental Health
- **Grounding:** Exercise boosts endorphins, serotonin, and dopamine, which are neurochemicals that enhance mood.

7. A person who understands others' feelings during conflict shows

- **Correct Answer:** d) **Empathy**
- **Page/Slide Number:** Slide 64 (Lecture 3)
- **Slide Heading:** Emotional Intelligence
- **Grounding:** Empathy is defined as understanding and considering others' feelings, especially during decision-making and conflict.

8. A student fails an exam but plans a new study strategy instead of giving up. This best demonstrates:

- **Correct Answer:** c) **Resilience**
- **Page/Slide Number:** Slide 10 (Lecture 1)
- **Slide Heading:** Building Resilience B. Emotional Regulation
- **Grounding:** Resilience is the ability to adapt, learn from failure, and approach future challenges with renewed confidence.

9. A student disagrees with a classmate but speaks calmly, listens carefully, and looks for a solution that benefits both. This is an example of:

- **Correct Answer:** a) **Conflict resolution**
- **Page/Slide Number:** Slide 72 (Lecture 4)
- **Slide Heading:** Conflict Resolution Skills - Conflict Resolution Steps
- **Grounding:** The steps of communicating openly, understanding perspectives, and generating mutual solutions are core to conflict resolution.

10. Which is NOT a component of SMART goals?

- **Correct Answer:** c) **Arbitrary**
- **Page/Slide Number:** Slide 32 (Lecture 2)
- **Slide Heading:** 3. SMART Goals Framework
- **Grounding:** SMART stands for Specific, Measurable, Achievable, Relevant, and Time-bound. "Arbitrary" is not a component.

SUMMARY:

1. c) Prioritize tasks based on deadlines and importance
2. d) Excessive social media
3. b) Recognizing emotions and choosing a response
4. b) Active listening
5. a) Goal setting and time management
6. d) Enhancing mood through neurochemical changes
7. d) Empathy
8. c) Resilience
9. a) Conflict resolution
10. c) Arbitrary
