1. Body image refers to:

- **Correct Answer: (b) Perception and feelings about one's body**
- **Page/Slide Number: Page 58 (Lecture 8)**
- **Slide Heading: Body Image and Social Media**
- **Grounding:** The lecture describes body image as an individual's personal perception of their physical appearance. It is shaped by emotions, experiences and societal influences, while social media can amplify unrealistic beauty standards.

2. Upward social comparison leads to:

- **Correct Answer: (c) Comparing with better-looking or more successful people**
- **Page/Slide Number: Page 83 (Lecture 11)**
- **Slide Heading: Social Comparison and Self-Esteem**
- **Grounding:** The lecture explains that upward comparison occurs when individuals compare themselves with people who appear more successful, attractive or accomplished. Social media can intensify this through idealized “highlight reels.”

3. Objectification theory suggests that:

- **Correct Answer: (b) Individuals see themselves from an outsider's perspective**
- **Page/Slide Number: Page 59 (Lecture 8)**
- **Slide Heading: Objectification Theory**
- **Grounding:** The lecture explains that objectification can lead individuals to view and monitor their own appearance from an external perspective, resulting in increased self-surveillance.

4. FOMO stands for:

- **Correct Answer: (a) Fear of Missing Out**
- **Page/Slide Number: Page 7 (Lecture 1)**
- **Slide Heading: Fear of Missing Out (FOMO)**
- **Grounding:** The lecture defines FOMO as the Fear of Missing Out, referring to concern that others may be experiencing something rewarding or enjoyable without oneself.

5. Digital fatigue is:

- **Correct Answer: (b) Mental exhaustion from excessive screen time**
- **Page/Slide Number: Page 80 (Lecture 11)**
- **Slide Heading: Digital Fatigue**
- **Grounding:** The lecture describes digital fatigue as mental exhaustion resulting from prolonged or intensive engagement with digital devices and platforms.

6. Which is a key feature of cyberbullying?

- **Correct Answer: (c) Online harassment**
- **Page/Slide Number: Page 85 (Lecture 11)**
- **Slide Heading:** Cyberbullying
- **Grounding:** The lecture explains that cyberbullying involves using digital platforms to intentionally and repeatedly harm, harass or humiliate another person.

7. Social media activates which brain chemical?

- **Correct Answer: (b) Dopamine**
- **Page/Slide Number: Page 40 (Lecture 6)**
- **Slide Heading:** Dopamine and Social Media Engagement
- **Grounding:** The lecture explains that social-media engagement, including likes, comments and followers, activates dopamine-reward pathways in the brain.

8. Curated content means:

- **Correct Answer: (c) Selectively edited and idealized posts**
- **Page/Slide Number: Page 35 (Lecture 5)**
- **Slide Heading:** Curated Content and Social Media
- **Grounding:** The lecture explains that social media often presents curated snapshots of people's best moments, rather than their complete reality.

9. Which can negatively affect self-esteem?

- **Correct Answer: (a) Comparing oneself with others online**
- **Page/Slide Number: Page 83–84 (Lecture 11)**
- **Slide Heading:** Social Comparison and Self-Esteem
- **Grounding:** The lecture explains that constant comparison with others on social media can undermine confidence and contribute to negative self-evaluation.

10. Which is a healthy approach to social media use?

- **Correct Answer: (c) Setting boundaries around screen time**
- **Page/Slide Number: Page 50 (Lecture 6)**
- **Slide Heading:** Healthy Social Media Use
- **Grounding:** The lecture recommends setting time limits and scheduling regular breaks from social media to promote healthier and more balanced use.

Q.No Correct Answer

- 1 (b) Perception and feelings about one's body**
