1. Which factor best contributes to overall mental wellbeing?

- **Correct Answer:** a) Ability to cope with life challenges
- **Page/Slide Number:** Slide 4 (Lecture I)
- **Slide Heading:** "UNDERSTANDING MENTAL AND EMOTIONAL HEALTH IN ADOLESCENCE"
- **Grounding:** According to the World Health Organization (WHO) definition cited on the slide, mental health is "A state of well-being in which an individual realizes their own abilities, can cope with the normal stresses of life, can work productively, and is able to contribute to their community."

2. Which of the following is the correct sequence of stages in the General Adaptation Syndrome?

- **Correct Answer:** c) Alarm -> Resistance -> Exhaustion
- **Page/Slide Number:** Slide 6 (Lecture III)
- **Slide Heading:** "HANS SELYE'S GAS MODEL & THE BODY'S STRESS RESPONSE"
- **Grounding:** The slide outlines the GAS Model stages sequentially as: **Phase 1:** Alarm reaction (mobilize resources), **Phase 2:** Resistance (cope with stressor), and **Phase 3:** Exhaustion (reserves depleted).

3. Which behaviour reflects healthy coping?

- **Correct Answer:** c) Engaging in hobbies
- **Page/Slide Number:** Slide 14 (Lecture III)
- **Slide Heading:** "COPING WITH STRESS AND ANXIETY"
- **Grounding:** Under the **HEALTHY COPING** column, "Creative outlets" / engaging in hobbies, physical activity, mindfulness, and talking to someone are explicitly listed as healthy strategies. In contrast, avoidance, suppression, and overthinking/negative self-talk fall under unhealthy coping mechanisms.

4. What is a key characteristic of digital overload?

- **Correct Answer:** a) Mental exhaustion from excessive information
- **Page/Slide Number:** Slide 7 (Lecture IV)
- **Slide Heading:** "UNDERSTANDING MENTAL HEALTH EFFECTS OF DIGITAL USE"

By
Vigneshwaran T [23MIS0587]

- **Grounding:** Digital fatigue/burnout is described as constant digital engagement that "can overwhelm the brain, leading to cognitive overload, emotional exhaustion, and physical symptoms..."

5. Meher compares herself to influencers and feels inferior. Which theory explains this?

- **Correct Answer:** c) **Social comparison theory**
- **Page/Slide Number:** Slide 12 & Slide 16 (Lecture IV)
- **Slide Heading:** "THEORETICAL PERSPECTIVES ON DIGITAL MEDIA AND MENTAL HEALTH" / "Case Study: Meher's Story"
- **Grounding:** Slide 12 explains Festinger's **Social Comparison Theory**, noting that social media amplifies upward comparisons to curated lifestyles, leading to low self-esteem and feelings of inadequacy. Slide 16 directly references Meher constantly comparing herself to influencers and feeling like she's not good enough.

6. Which of the following is an example of unhealthy social media behavior?

- **Correct Answer:** d) **Comparing oneself constantly with others**
- **Page/Slide Number:** Slide 9 & Slide 12 (Lecture IV)
- **Slide Heading:** "CAUSES OF DIGITAL FATIGUE" / "THEORETICAL PERSPECTIVES ON DIGITAL MEDIA AND MENTAL HEALTH"
- **Grounding:** Slide 9 lists "Social comparison and fear of missing out (FOMO)" under Social and Emotional Stressors causing digital burnout and fatigue.

7. What is the main purpose of relaxation techniques?

- **Correct Answer:** c) **Reduce physiological and mental tension**
- **Page/Slide Number:** Slide 29 (Lecture III)
- **Slide Heading:** "MANAGING STRESS AND ANXIETY- WHAT WE HAVE LEARNED"
- **Grounding:** The slide states: "Relaxation techniques are used in psychology to reduce stress, anxiety, and physical tension by calming the mind and body."

8. Which practice helps in improving self-awareness?

- **Correct Answer:** a) **Mindful observation of thoughts**
- **Page/Slide Number:** Slide 10 (Lecture I) & Slide 12 (Lecture V)
- **Slide Heading:** "TECHNIQUES TO MANAGE FLUCTUATIONS" / "Understanding Mindfulness: Paying Attention with Purpose"
- **Grounding:** Lecture I, Slide 10 explains that practices like mindfulness meditation and journaling boost self-awareness. Lecture V, Slide 12 notes that mindfulness involves receptive, non-judgmental attention to present experiences, fostering self-awareness.

9. According to Piaget's theory, what is the "imaginary audience"?

- **Correct Answer:** b) The belief that others are constantly watching, noticing, and evaluating oneself
- **Page/Slide Number:** Slide 7 (Lecture I)
- **Slide Heading:** "Piaget's Cognitive Development"
- **Grounding:** Under cognitive changes in the formal operational stage, the slide defines the **Imaginary audience** as the "belief that others constantly observe them → increased self-consciousness."

SUMMARY:

1. a) Ability to cope with life challenges
2. c) Alarm → Resistance → Exhaustion
3. c) Engaging in hobbies
4. a) Mental exhaustion from excessive information
5. c) Social comparison theory
6. d) Comparing oneself constantly with others
7. c) Reduce physiological and mental tension
8. a) Mindful observation of thoughts
9. b) The belief that others are constantly watching, noticing, and evaluating oneself
